Wow I am glad we have zoo

There should be zoos because they save animals and help people learn a lot about animals. Did you know thirty species of animals were saved because of zoos? Zoos give great care that most animals don't receive in the wild. I am so glad that there are zoos to save animals, what would we do without them?

There should be zoos because zookeepers give so much care to the animals. There are no longer cages and the fences are hidden, so the animals feel like there in the wild. Zoos make sure to hide the animals' food so they can learn to hunt. Sometimes there's a tinted glass so the animals can't see all the chaos going on. I am so glad the zookeepers give them time to care for the animals. Thanks goodness we have zoos.

Without zoos, a lot of animals could have been extinct. Zoos are trying to solve the problem of extinction, and they're doing a great job! Animals such as red wolves were saved. Zoos take a male and a female so they can have babies and make more of the animals kind. When animals mate in zoos their babies won't get diseases from the wild. Zoos are trying to stop extinction and they're doing great.
