

Graphs of Absolute Value Equations

Discussion Questions

These sample discussion questions were submitted by students. They can be used as part of a class discussion, as an essay topic, or as a student project idea.

- Compare and contrast the graph of an absolute value equation and the graph of a quadratic equation. – *submitted by Wings Yeung*
- How are absolute value functions and piecewise functions (a function made up of several equations depending on the x-value) the same? In what ways do they differ? – *submitted by Antonio Lopez*
