

Applications with Inequalities

Discussion Questions

These sample discussion questions were submitted by students. They can be used as part of a class discussion, as an essay topic, or as a student project idea.

- List 5 times when you have used an inequality (or a "less than" or "greater than" phrase) in the past few months. Explain why it was necessary in those situations. – *submitted by Helena Abbott*
- Units are often involved in real world problems. What are the pros and cons of keeping units when making calculations versus adding them in when you get to the end? – *submitted by Mark Holmstrom*
