

Ancient Greece

Review

At the end of this unit, students will be able to:

- How did geography and landforms shape Greek civilization?
- What did the Minoans and Myceneans have in common? How were they different?
- How did democracy develop in Athens? What is the meaning of the terms oligarchy, tyrant, and citizen?
- How did ancient democracy differ from modern democracy in the United States today?
- Who were the main gods and heroes in Greek mythology? What were the major themes in Greek literature?
- What were the Persian wars? Who were Cyrus the Great, Darius I, and Xerxes I?
- How did the Greeks use force and military strategy to succeed?
- What were the differences between the cultures and values of Athens and Sparta? What led to the Peloponnesian War?
- Who was Alexander the Great? What was the Macdeonian Empire? How did Hellenic culture spread throughout North Africa and Asia?
- What were the Greek achievements in art, architecture, and philosophy?
